TRIP REPORT:

- 18 Jan 2025 Rattle Snake SxS Trip led by Al. We ran some new to me trail and ended up on a trail we have run before good fairly long trip.
- 25 Jan 2025 Rattle Snake exploring trip. Drove up an arroyo that we hadn't mapped yet ran into one 4 foot ledge, Mike and I went up it and the others went around it via the road. Nice easy trip other than the ledge.
- 1 Feb 2025 Coyote Canyon exploring trip up Tecolote Canyon we went as far as we could up the arroyo with the crew we had and turned around at the big rocks. Pretty easy trip there are bypasses for most of the small ledges you encounter.
- 16 Feb 2025 Coyote Canyon to Tecolote Canyon, we drove further up the arroyo, Ryan went over the big rocks with his buggy, Mike and I took the non-buggy line up the side and we went further up the arroyo finding some good ledges and rocks, we still need to go a bit further and find an exit to the road. This was a hard trip for those who are built with lockers, big tires and good suspension.
